

LIBRAS

"Quando eu aceito a língua de outra pessoa, eu aceito a pessoa... Quando eu rejeito a língua, eu rejeito a pessoa porque a língua é parte de nós mesmos... Quando eu aceito a Língua de Sinais, eu aceito o surdo, e é importante ter sempre em mente que o surdo tem o direito de ser surdo.

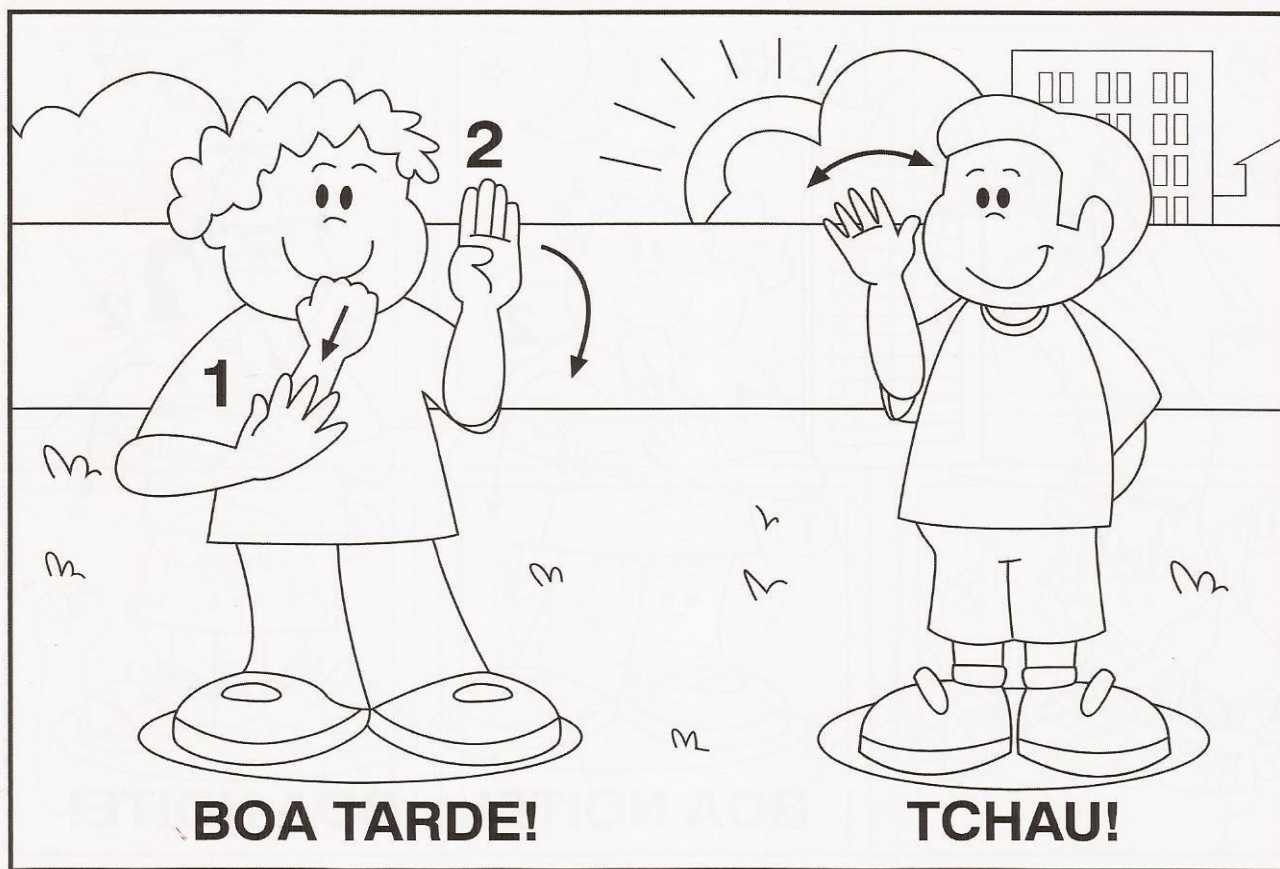

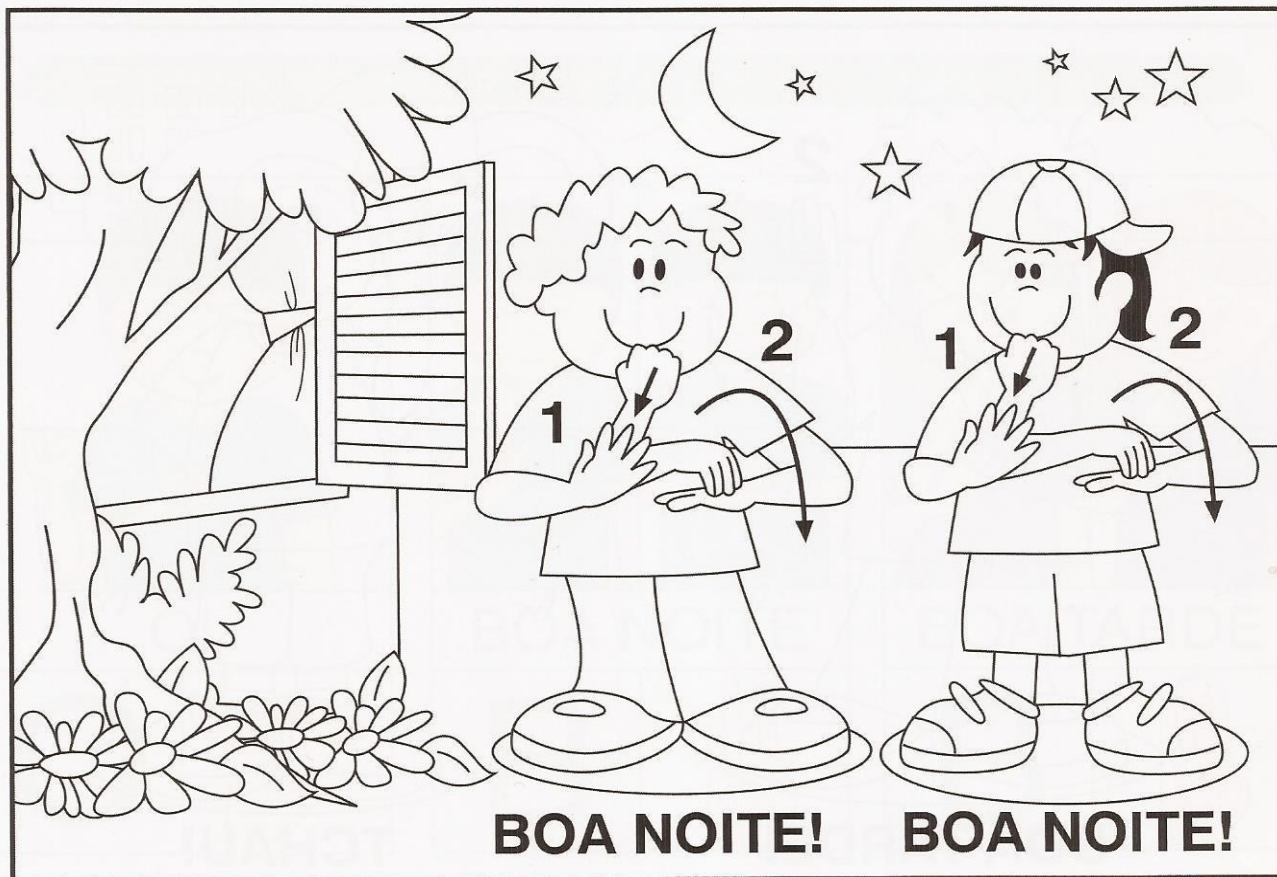

Nós não devemos mudá-los, devemos ensiná-los, mas temos que permitir-lhes ser surdo."

**Terje Basilier
(psiquiatra surdo norueguês)**

Cada país tem sua própria língua de sinais. Libras é uma língua usada por surdos no Brasil, oficializada em 24/abril/2002- Lei N° 10.436. Nossa língua de sinais é baseada na língua de sinais francesa (langue des signes française) ou LSF. Um exemplo dessa origem é o sinal de "falar", que usamos a configuração de P ao invés de F, que vem do francês "parler".

6 ° AULA - CAIXA COM HISTÓRIAS PRA CONTAR

A bondade é uma linguagem que o surdo consegue ouvir e o cego consegue ler.

Essas foram algumas sugestões práticas de vários profissionais, para servir de orientação no trabalho com os alunos surdos.
